

SKILLS

- C/C++ • Javascript • Typescript • NodeJS • ReactJS
- MongoDB • SQL • Java • NextJS • Git/Github

PROJECTS

- **SDG Buddy: Sustainable Action Tracker** [[sdqbuddy.app](#)]
 - A Sustainable Action Tracker designed to help individuals align their daily actions with the United Nation Sustainable Development Goals (UN SDGs)
 - Each action logged by user is mapped with one or many of the SDGs and based on that they are rewarded
 - User got rewarded based on his/her contributions towards sustainability
 - User can also track and visualize their progress through charts
 - To gamify the process, we have also included the streaks, achievements and the leaderboard section to make the process engaging for the user
 - Architected a personalized recommendation engine using MongoDB Vector Search to semantically match user behavior with high-impact sustainable actions, enhancing user engagement through AI-driven goal alignment
- **Pharmacists: Appointment Management System**
 - An Appointment management platform where doctors can register themselves and list their free slots and patients can fix their appointments from one of those free slots
 - Through this, patients can check the free slots of the desired doctor and doctor can also manage their daily slots
 - Patients can also review the doctor and doctors can also review for patients which increases the trust between doctors and patients

COURSE WORKS

- **GeeksForGeeks:** Certified C/C++ Language Developer
- **Udemy:** Certified Assembly Language Developer
- **Deloitte Australia Cyber Job Simulation on Forage - July 2025**
 - Completed a job simulation involving reading web activity logs
 - Supported a client in a cyber security breach
 - Answered questions to identify suspicious user activity
- **Deloitte Australia Technology Job Simulation on Forage - July 2025**
 - Completed a job simulation involving development and coding
 - Wrote a proposal for creating a dashboard

ACHIEVEMENTS

- **Speaker | Science Summit at UNGA80, 2025**
 - Presented "SDG Buddy: Sustainable Action Tracker App" at the United Nations General Assembly Science Summit, highlighting technology-driven approaches for achieving SDGs
- **Second Rank** in State Level Coding Competition organized by college

EXPERIENCE

- **Outlier.ai | DataAnnotation.tech | Remote | Freelance AI Trainer | 2025 - 2026**
 - Engineered complex, domain-specific (Coding, Math, Problem Solving) prompts to evaluate and stress-test frontier Large Language Models (LLMs) for factual accuracy, safety, and logical reasoning.

EDUCATION

- B.E. in Computer Engineering | SNJB College Of Engineering (SPPU)
 - Expected Graduation: 2026 | SGPA: 8.43
- Higher Secondary (PCMB) | Late B.G Kabra College Of Science
 - Graduated: March 2022 | Percentage: 83.6%
